TO THE PUBLIC,

THE PAPER MILL owned by the subscribers, and conducted by two European master workmen, Cross & Wornick, is now in operation in manufacturing Paper. The experiment has been successful in making about two hundred reams of Wrapping Paper. In conjunction with those who are engaged in the same pursuit, we hope we shall be able to supply the growing demand of business and literature—and by which to prevent the importation of paper from foreign markets, and destroy our dependence upon other States, for this most valuable article. It will be our constant exertion to keep a quantity of the different kinds of paper, to supply our Fellow-Citizens; and make it so as to prevent complaint as to quality.

Be it enacted by the Senate and House of Representatives of the United States of America, in Congress assembled, That the secretary of the treasury be, and he is hereby authorized and directed to employ clerks, for such compensation as he shall judge reasonable, to complete, register, and record, under the direction of the supervisor of the district of South Carolina, the lists and abstracts of the valuation of lands and dwelling houses, and of the enumeration of slaves within the state of South Carolina; and under the direction of the supervisor aforesaid, to add to or deduct from the valuations aforesaid, of each individual, such a rate per centum as has been determined by the commissioners appointed for the said state, under the act entitled "An act to provide for the valuation of lands and dwelling houses, and the enumeration of slaves, within the United States," agreeably to the provisions of the said act, of the act intitled "An act supplementary to the act intitled an act to provide for the valuation of lands and dwelling houses, and the enumeration of slaves, within the United States," and of the act intitled, "An act to provide for equalizing the valuation of unseated lands." Which lists and abstracts, thus completed in conformity with the revisions and equalizations made by the commissioners aforesaid, shall have the same force and effect as if they had been completed, registered, and recorded, under the direction of the commissioners aforesaid, agreeably to the provisions of the above mentioned acts. The supervisor aforesaid, shall be allowed in addition to his annual compensation, the rate of three dollars per diem, for each and every day employed by him, in completing or superintending the completion of the lists and abstracts aforesaid. Provided, that the whole amount of the said additional allowance, shall not exceed five hundred dollars, and the said allowance, as well as the compensation of the clerks employed by virtue of this section, shall be paid out of the monies appropriated, or which may hereafter be appropriated, for defraying the expenses, incident to the valuation of houses and lands, and the enumeration of slaves, within the United States.

Sec. 2. And be it further enacted, That the supervisor of the district of South Carolina be, and he is hereby authorized and directed, as soon as the assessment of the direct tax to be levied, and collected in the state of South Carolina, by virtue of the act intitled "An act to lay and collect a direct tax, within the United States," shall have been completed, to appoint for the whole of the said state, one or more surveyors of the revenue; who shall be authorized to make out the lists containing the sums payable, according to such assessment, for every dwelling house, tract, or lot of land and slave, within the said state. Which lists shall have the same force and effect, as if they had been made for each assessment district, by a district surveyor of the revenue; the surveyor or surveyors of the revenue, thus appointed for the whole state of South Carolina, shall likewise perform all the other duties, exercise all the powers, and receive the same compensation, which by virtue of the provisions still in force of any former act, or acts, were directed to be performed, exercised, and received by the surveyors of the revenue for the several assessment districts; and so much of any act, or acts, as directed the appointment of a surveyor of the revenue for each assessment district, is so far as relates to the state of South Carolina, hereby repealed.

Sec. 3. And be it further enacted, That the several supervisors, or officers acting as supervisors, may with the approbation of the secretary of the treasury, unite, whenever such measure shall be thought expedient for the better collection of the direct tax, one or more assessment districts into one district, and appoint only one collector of the said tax, for the assessment districts thus united, anything in any former act or acts, to the contrary notwithstanding.

Sec. 4. And be it further enacted, That the accounting officers of the treasury be, and they are hereby authorized to settle the accounts of any of the commissioners, or assessors employed in making the valuations, and enumerations above mentioned, in the state of South Carolina, although the same may not have been presented to, and certified by the commissioners aforesaid, in conformity with the provisions of the act intitled "An act to provide for the valuation of lands, and dwelling houses, and the enumeration of slaves, within the United States."

Sec. 5. And be it further enacted, That any of the commissioners aforesaid, who shall on the request of the secretary of the treasury, attend for the purpose of assisting the supervisor of the district of South Carolina, in completing the lists and abstracts of valuations, and e-

numerations in the manner provided by the first section of this act, shall be allowed the same rate of compensation, as is provided by law, for attending a meeting of the board of commissioners.

Sec. 6. And be it further enacted, That a sum not exceeding thirteen thousand five hundred and ninety-three dollars, and twenty three cents to be paid out of any monies in the treasury, not otherwise appropriated, be and the same is hereby appropriated, for defraying the further expenses, incident to the valuation of houses and lands, and the enumeration of slaves, within the United States.

Speaker of the House of Representatives.
JOS. ANDERSON,
President of the Senate pro tempore.
January 30, 1805—APPROVED
TH: JEFFERSON

College of New-Jersey.

The Trustees of the College of New-Jersey are happy to announce to the public the perfect restoration of the College Edifice lately destroyed by fire, with many improvements in its structure calculated to guard it against a like calamity in future.—They have erected also several new buildings, which have greatly increased the advantages for study, & the accommodations which the institution can afford, both to its Professors and its Students.—In comparing the circumstances of the college at the period when they lately solicited the public liberality in its favor, with its present state, they cannot but be deeply affected by the contrast which they witness.—At that time the noble structure erected by their predecessors as a nursery for Science and Piety was a heap of ruins; their library was consumed; their pupils were disappointed of funds, either to replace their losses by the fire, or to provide for the instruction of the youth.—They now see its buildings not only restored and improved, but greatly augmented, three new professorships established, the number of the pupils increased much beyond what it has ever been at any former period.

With devout reverence the Trustees would, first of all, acknowledge their obligations, and offer their thanks to Almighty God, in whose gracious protection they confided in the time of their distress, and who, holding the hearts of all men in his hands, has inclined the friends of learning and religion so liberally to aid them in their pious work. And in the propitious and signal smiles of Divine Providence on their efforts, they hope they see an indication, and a pledge, that the institution over which they preside is destined to future and distinguished usefulness.

In the next place, they offer, with great sincerity and warmth, their gratitude to all those public-spirited individuals, in various parts of the United States, who have so liberally contributed to the benevolent and pious designs now so happily completed. To many of these they are indebted for their own generous contributions. To many they are under additional obligations for their active and friendly aid to the agents of the Corporation in soliciting benefactions, and for their cordial and benevolent exertions, in various ways, for the benefit of the funds of the College.

While the Trustees endeavor to acquit themselves of the debt of gratitude which they have contracted during their successful exertions in behalf of the College, they judge it to be a part of their duty, and one, they trust, which will not be unacceptable to the Public, to lay before them the advantage which the institution now possesses for the Education of Youth, the course of studies, and some beneficial changes in the mode of conducting them, which have been lately introduced.

The establishment of the College consists of a President, who is also Professor of Moral Philosophy, &c. four other Professors, and two Tutors, under whom is appointed a Teacher of French, for the benefit of those who are desirous of acquiring that language, and who can redeem time for that purpose from their ordinary classical studies.

In order to enter the Freshman Class, it is necessary to have read the Evangelists, or other equivalent portions of the Greek Testament, and to be acquainted with the Latin authors usually read in the schools, as far as the *Æneid* of Virgil.—To enter the Sophomore Class, it is necessary farther to have read *Salustii*, *Cicero's* Orations, the Greek Testament, *Lucian's* Dialogues, and

to understand *Vulgar Arithmetic*. The Lower Classes are entirely occupied in the study of the Latin and Greek Languages, of Arithmetic, Geography, and the Roman Antiquities, under the direction of the Professor of Languages, with the assistance of the Tutors, except on Sundays, when they are employed in studying the History of the Bible, and the Principles of the Christian Religion, agreeably to the tenets of the respective churches to which they belong.—These classes, on account of the extreme youth of the young gentlemen who compose them, are required to study, during the whole day, under the immediate eye of their Professor and Tutors. For this purpose, large, convenient, well-lighted and airy apartments have been provided.

The members of the superior classes are permitted to study in their private chambers, except in those hours in which they are required to attend their respective Professors in the public halls of recitation and lectures.—On Sundays, after the public worship is ended the junior class attends lectures by the Professor of Theology, calculated to explain the difficulties which occur in the sacred writings, and refute the objections which have been made against particular parts of them, by the aids of History, of Antiquities, and the Principles of a sound Criticism. The senior class attends lectures on the Evidence of Natural and Revealed Religion.—It is considered by the Trustees as an object of primary importance in the course of education, to impress upon the minds of studious youth just sentiments of the nature, as well as a full conviction of the truth of religion, as being the surest basis of the public morals.—On the remaining days of the week, these classes attend lectures by the different Professors, the one on the several branches of speculative and practical mathematics, on Natural Philosophy, Astronomy, Chemistry and Natural History; the other on the Elements of Logic, of Belles-Lettres, of History, and of Moral and Political Science.

It is with great pleasure that the Trustees inform the public, that the losses which the institution suffered in its apparatus for Experimental Philosophy have been, in a great measure, repaired; and that they have been enabled to replace the library, which was destroyed in the conflagration, by a most valuable collection of near four thousand volumes; and, by a small increase in the fees of tuition, means have been adopted for annually making considerable additions to the library, as well as for the accommodation of the increasing number of students.

Notwithstanding these internal resources, which the Trustees have been enabled to establish, inasmuch as the institution has been founded, and hitherto entirely supported by individual munificence, they solicit for the augmentation of the number of their books, the continued aid of the friends of science.—This they can do with the greater confidence, as they themselves derive no emolument from their office, but actually incur considerable expense, and make no small sacrifices of time and of ease, solely from their zeal to promote the interests of Learning and Religion. In particular, they will acknowledge, with due sentiments, to those authors who may furnish the college with a copy of their works; and to every Inventor and Improver of a Useful Machine, who may bestow on it a model and explanation of his improvement or invention.—A handsome receptacle is provided in the hall of the library for all such models, designed to display them to the best advantage.—All specimens, likewise, calculated to illustrate Natural History, and all specimens of Elegant Executions in the Fine Arts, will be thankfully received.

The Trustees beg leave to inform the Public, that the necessary expenses of Education in the College, excluding those of Clothing and Chamber Furniture, and including those of Tuition, Chamber Rent, Board, Books, Wood, Lights, the Use of the Library, Servant's Wages, and Washwoman's bills, do not amount to more than one hundred and eighty dollars a year. And beyond this sum, except for Clothing and Travelling Expenses, Parents are earnestly requested to be very frugal in the allowance of money granted to their sons, and to refuse the payment of all debts contracted on credit.—The Governors and Instructors of the College have found, from long experience, that nothing is more pernicious to the morals and the studious habits of the youth committed to their care, than an unrestricted credit, or excessive remittances of money. And every Parent may be absolutely assured that, if his son is solicitous to procure from him much larger sums, under the idea that the stile

of living at the College requires them or under ANY PRETEXT whatever, he has formed some imprudent connections.

Lastly, the College of New-Jersey having been originally founded with a particular view to promote the interest of Religion, as well as of Learning, by training up men of piety and talents for the Ministry of the Gospel, the Trustees have ever been attentive to this great object; and they are now enabled, by the blessing of Divine Providence, to offer more ample encouragement than usual to young men destined for that sacred profession.—A certain number will find the greater part of their necessary expenses, during the whole course of their education, defrayed out of funds, for that purpose, placed by benevolent persons in the hands of the Corporation. And ALL who are actually engaged in the study of Theology, and in the course of immediate preparation for the Ministry, at whatever institution they may have received the preliminary parts of their education, may, on producing proper testimonials of character, pursue their sacred studies here at the moderate charge of one dollar a week for board, and enjoy the assistance of the President and Professor of Theology without any fee for instruction. This Professor, in addition to the lectures which he gives to the Classes in the College, purposes to give lectures to the Theological Students twice in the week; to hold a Theological Society once in the week for the discussion of important questions immediately relative to the Science of Divinity; to teach the Hebrew Language to those who need it, and to superintend their improvement in the Greek and French Languages.

Such are the advantages which the Trustees have been enabled, under the blessing of Divine Providence, and through the favor of the Public, to secure to the institution under their care; and such are the prospects which they can now, with pleasure and with confidence, hold out to the Friends of Religion and of Learning.—The public benevolence which has been manifested, in so distinguished a manner to this College, will stimulate their exertions to render it still more useful to their country and to the church.

Signed by Order of the Board.
SAM. S. SMITH, President.
JOHN MACLEAN, Clerk.

Lamp-Lighter,

WILL stand the ensuing season, which will commence the tenth day of March, and end the tenth day of July next, at my farm, on David's fork of Elkhorn, in Fayette county, and may cover mares at the low price of Ten Dollars the season for each mare; but may be discharged by the payment of Eight Dollars, if paid within the season. Twenty Dollars to insure a mare with foal, to be returned if such should not be the case, if the mare remains the property of the person who put her to the horse; Five Dollars the single leap, paid down when the mare is covered; and in every instance eighteen pence to the groom.

LAMP-LIGHTER's figure is generally given up by a number of good judges as any in this state, to be equal with any horse in it, if not superior, and his blood equal to any horse on the continent. It is all most needless for me to say anything about his colts, as they can, with every kind of propriety, answer for themselves; it being universally given up, that he is equal to any foal getter in the state, if not superior.—I here are a number of his colts to be seen in this County and Woodford.—There are a number of colts amongst the Lamp-Lighter colts, that were got by three different imported horses, that covered at more than double what the Lamp-Lighter covered at, and it is given up in a general way, that the Lamp-Lighter colts are equal to any of them if not superior.—and it is well known, that the best mares went to these high-going horses. If a horse has the name, or only the word imported, it has been the case, or thought, that no further inquiry or questions were necessary; but it is a most undeniable truth, that there are as fine full bred horses that were bred in America, or even in the state of Kentucky, as any that can be brought from England; for if a horse is of good blood and fully thorough bred, what can be asked for more?

LAMP-LIGHTER is a horse completely calculated to get the most elegant saddle horses, as he moves well and has every part of activity.

LAMP-LIGHTER is eight years old, a good bay, fully fifteen hands three inches high; Lamp-Lighter was got by the old Union, old Union was got by Shakespear, his dam by Nonpareil, his grand dam by the imported horse Traveller, his great grand dam was Pocahontas; she was imported by the Honorable William Byrd esq. deceased, of the Arabian. Lamp-Lighter's dam was the noted

thorough bred running mare Prince Eyes, bred by Col. Fitzhugh of Virginia, and well known to be as thorough a bred mare, as any in England.—At six years old she was sold for seventy five thousand weight of neat tobacco, and calf, which was a higher price than any mare was ever known to sell for in that state. Good pasturage gratis, to all mares sent above the distance of twelve miles. All mares sent shall be strictly attended to, but cannot be liable for accidents or escapes.

JOHN ROGERS.
February 25, 1805.

The full blooded horse,
Young Baronet,

WILL stand the ensuing season at Walter Carr's, on Hickman, Fayette county, eight miles from Lexington, on the Lutes-creek road, and will be let to mares at fourteen dollars the season, which may be discharged by paying ten dollars cash, any time in the season; seven dollars the single leap, paid at the stable door; twenty dollars to insure a mare with foal, to be paid in hand, the money to be refunded in case the mare is not with foal, provided she remains the property of the person who puts her. The season commencing the 10th. of March, ending the 10th July. Good pasture and attendance to mares coming a distance but will not be liable for accidents or escapes.

N. B. All those persons putting mares to the horse and not proving with foal, shall have the next season gratis, provided the horse remains the property of the same person.

BARONET
IS a thorough bred horse, full fifteen hands three inches high, of a dark bay colour, six years old this spring, was got by the old imported Baronet, who was equal if not superior to any horse ever imported; old Baronet was bred by Sir John Webb, Bart. and got by Vertumnus, son of Eclipse, his dam called Penultima, by Snap, grand dam by Cade, great grand dam by Crab, great great grand dam by Flying Childers, out of a Confederate filly—she was got by Grey Grantham, her dam by the Duke of Rutland's Black Barb, out of Bright's Roan—Young Baronet's dam was got by the imported Othello, grand dam by the imported Figure, great grand dam by the imported Wild-Dair—her dam together with Wild-Dair was imported by Gov. Delancy—Wild-Dair became so famous, that he was returned to England.

Performance.
Old Baronet at three years old, won the Caterick Sweepstakes of 50 guineas, beating Tendam, Paymaster, Kinlock, and several others.—The next time he started, won a 50 plate.—The following year beat Windstone a match for 500 guineas, or (2330 dolls.) and won a 50 plate at New-Malton beating Tamelane, Seducer, Ailrish, Hutchinson and Revis, after which he was sold to his Royal Highness the Prince of Wales.—Baronet when five years old, won the great Oatland stakes of 4100 guineas, (or 19,133 dolls.) when 19 horses started, amongst which were Express, Escape, Precipitate, Buzzard, Chanticleer, &c.

“True to his charge—
He comes, the Herald of a noisy world,
News from all nations lumbering at his back.”

LEXINGTON, MARCH 12.

The Eastern Mail due yesterday, had not arrived when this paper was put to press.

ON Friday evening last, departed this life, after a lingering illness of about two years, which the bore with the most Christian fortitude, Mrs. BARBARA SPRINGLE, consort of Mr. Jacob Springle of this vicinity. She died in the full confidence of eternal felicity through the merits of Jesus Christ.

Twelve o'clock this day, is the time appointed for launching Mr. Jordan's ship General Scott, built at Gen. Scott's, on the Kentucky river. Several ladies and gentlemen left Lexington this morning, to see the launch.

WHEEL OF FORTUNE.

ON Tuesday evening last, a number of the Citizens of this town with the Magistrate and Sheriff, proceeded to the house in which this gaming table had been for some time exhibited; seized on, and publicly burnt it in the Court House yard. Report says, that about 4000 dollars had been taken by the proprietors of this wheel, during the short time it was played in Lexington.

We have received from the City of Washington, a pamphlet containing the answer of Judge Chase to the articles of impeachment, exhibited against him—The length of this answer [84 pages] precludes the possibility of its insertion in our paper.

We have seen in some of the Eastern papers, a letter copied from the London Morning Chronicle, said to be from the French Minister of Marine, to Mr. Pichon, Consular General at New-York, relative to Jerome Bonaparte; by which it appears that the Emperor has prohibited the advancing of more money to Jerome; that he is ordered to return to France immediately without his wife; that the captains of French vessels are prohibited from taking her on board, and the Emperor's determination, that should she arrive the world not be suffered to land, but would be immediately sent back to the United States.

From the Western American.
Fellow Citizens,

I would with cheerfulness have come forward and submitted to public investigation that opinion which I advocated in the legislature, relative to the Bank in Lexington, together with the reasons on which I founded that opinion, had I been called upon for that purpose in a decent manner by any individual in the commonwealth: I will not however, enter into an examination of that subject, with a man who conceals his name, and in his deep researches after banking and financial knowledge, has forgotten those common rules of good breeding which are known to every school boy.

Although, fellow-citizens, the author of the late publication under the signature of “A Poor Farmer,” may be as unworthy of attention as his performance is destitute of argument, truth or decency; yet, whether the bank ought to be continued? is a question of importance, and merits discussion. You may perhaps, hear from me on that subject; but rest assured, I shall take no notice of the Poor Farmer's laborious performance.

I am your fellow citizen,
FELIX GRUNDY.

100 DOLLARS REWARD.

Stop the Run-aways.

ON the 10th of February my negro man Bob ran away, and stole from me a likely brown Horse, six years old, about five feet high, very good for the gears, and is a tolerable good saddle horse: his tail had been swabed, tho' it was somewhat grown out; but he may have swabed it afresh—He also took a bridle and half worn saddle, a part of the crupper was of new leather, and a leather circle; he also took with him the following articles of clothing viz: a green cloth coat, a lead colour cloth do. two cotton do. one of them cross-banded, the other striped one way; two red jackets, one of them with yellow stripes in it, the other all red; a cross-banded cotton jacket, and a black velvet jacket, three pair of cotton overalls, two of them striped one way, the other cross-banded; one white, seven hundred cotton shirt, and two coarse shirts; a blue linen short coat, a pair of buckskin overalls, two silk handkerchiefs, a pair of short black breeches, a pair of long boots, a pair of winter shoes, and a brown fur-tout coat; also two blankets, and a bag very much patched—Bob is well acquainted with the management of horses, and is a good wagoner, is about thirty years of age, a tall man, and not very black, his toe next his great toe on each foot stands under at end. He came from Westmoreland County, Pennsylvania, and is recorded in Greensburg in said County. A Col. Charles Campbell who lives near the mouth of Black Lick, about forty miles from Pittsburgh in said County, owns a brother of his named Andrew; I expect he wants to go there, and will probably pass through Cincinnati, Chillicothe, New Lancaster, and by Wheeling, and cross the Monongahela at McKee's port. I rather suspect he has a pass, and will try to pass for a free man—it is probable he may stop and hire himself to work, as soon as he crosses the Ohio, as I expect he is scarce of money—Also on the 4th of March, another fellow named Moses, ran away from my quarters, at the mouth of Otter Creek, on the Rolling Fork of Salt River, Hardin County. Moses is about thirty years of age, he is a small yellow negro, handsome made, a spry sensible fellow, very talkative, but is apt to flatter; I rather suppose he has procured a pass, and will aim to go the same way, that I expect Bob to have gone—I cannot tell whether he is on foot or horseback, but rather expect he has stolen a horse. I will give the above reward to any person, who will deliver the above described slaves at my house on Brush Creek, Green County, or fifty dollars for either of them.

Naibl. Owens.

March 7, 1805.

N. B. I will give ample satisfaction to any person who will confine either, or both said slaves in any goal, and give me notice, so that I can get them again.

N. O.

ON Tuesday the 2d day of April next, Commissioners appointed by the County Court of Scott County, will meet in said County, at the Crossings, and from thence proceed to the beginning calls of an entry on a treasury warrant of 4618 acres, on the North side of North Elkhorn, made in the name of Thomas Harris, in order to take depositions to perpetuate testimony respecting the special calls in said entry; and do such other things as may be necessary and agreeable to law.

CASH WILL BE GIVEN

AS usual, for CHEESE, TALLOW, and WHISKEY, at BIDDLE's old Stand.—I have a good breeding MARE for sale for Whiskey—Opposite Lewis Sanders Store, and adjoining the Nail Factory Lexington.

The celebrated imported and bred English turf horse

ROYALIST,

is now in high health and spirits, and will stand the ensuing season, under the direction and management of Mr. George Sourbray, Jun. in Lexington, at the same stable he stood at last season—He will be let to mares at the moderate price of thirty dollars the season, to be discharged at any time before the first day of September next by the payment of twenty dollars; forty dollars to insure a foal to be returned if such should not be the case, if the mare remains the property of the person who puts her to horse, with one dollar to the groom for each mare, paid at the stable door. Arrested notes for thirty dollars the season and forty for insurance, to be paid with the mare, payable the 1st of January next—Extensive pastures, under good fence and well watered, provided, and the greatest attention will be paid to mares sent to the house, but cannot be accountable for accidents or escapes.

ROYALIST is a full blooded racer; he was bred by his royal highness the prince of Wales and sold to Thomas Bullock, esq. who kept him as a racer until he was purchased by Mr. Abraham Skinner, who imported him in the ship James from England to New-York—He is a beautiful bay, handsomely marked, with a star and snip, fifteen hands three inches high, well proportioned, a good mover, fine action, free from all blemishes, and while in England performed equal to any horse of his age, as may be seen by the racing calendars, which are in the possession of Mr. Sourbray, free for the perusal of any gentleman. He has stood several seasons in America, and his colts are at least equal to any horse's, and are allowed by competent judges to bid fair to make excellent racers. A number of them will be seen at his stand during the season.

PERFORMANCES.

IN 1793, at three years old, the first time he started, he won 400 guineas at New-Market, beating Lord Grosvenor's chestnut Filly, by Portos's, out of Mariane, and the Duke of Bedford's colt by High-Flyer out of Conegonde. He started for the Craven stakes, and beat Duke Devil, Agamemnon, Coriander (who beat Mr. Hoomes's celebrated horse Dragon.) Seagull, Golden Rod, Fort William and six others. The next time he started, he won a subscription plate for fifty pounds each, beating Patriot, Cymbeline, Brimstone, Robin Gray, and seven others—He also beat the Duke of Bedford's colt by High-Flyer, and the Duke of Norfolk's gray Filly by Dunganon, a sweep-stakes of 200 guineas each, at four years old—he beat Lord Egremont's aged horse Stag-Gull, a match for two hundred guineas across the flat at New-Market in 1795—He beat Don Quixotte, Galico, the duke of Bedford's Cub, and Mr. Durand's Filley, by Saltram, for the Craven stakes, and walked over the course at New-Market for 1200 guineas, and no horse dare start against him. He also beat several others of the most capital horses in England, too tedious to enumerate, but may be seen by the racing calendar.

PEDIGREE.

This is to certify, that the bay horse ROYALIST, I have sold to Mr. Abraham Skinner—he was got by Saltram, son of Eclipse: his dam by Herod: his grand dam by Mark; great grand dam by Blank; great great grand dam by Driver; great great great grand dam by Smiling

Tom; great great great great grand dam by Cinderfoot; great great great great great grand dam by Commodore; great great great great great great grand dam the duke of Somerset's Copper Mare.
This is a true Pedigree,
(Signed)
Thomas Bullock
London, March 31, 1796.

I do certify, that I am informed, that Royalist has stood as a covering horse in New-Jersey in the neighbourhood of my brother's, who has written to me, that he was considered as the finest horse, and best foal-getter in that country. I have seen several gentlemen of integrity, who spoke very high of him—also certify, that in the neighbourhood that Royalist has stood, they are in the habit of breeding from the first English turf horses.

Benjamin Stout.

April 9th, 1804.

I do certify, that last season, I was in the neighbourhood that Royalist has stood in for several seasons, and saw some of his colts, which were finer than any others which the same place had brought from other imported horses, also that I was informed by my father-in-law (who is in the habit of breeding from the best horses) that Royalist is the best foal-getter he has ever tried, and made the greatest season of any horse in that country last season.

LINES.

Adapted to the Air of "Aspens:
thought on my love."
AS twilight grew pale in the west,
I penitently watch'd its decline;
I thought on the friend I love best,
And wish'd that his virtues were mine.
With fancy delighted to dwell,
On scenes that to memory were dear,
I knew not alas that they fell,
'Till I felt on my bosom a tear.

A dusky shade stole o'er the scene,
The landscape was hid from my view;
Its vernal and beautiful green,
Was wrap'd in dim evenings hue.
The moon her faint crescent display'd,
Yet visible scarce to the eye;
It seem'd to my fancy it said,
"So brief are thy moments of joy."

And few are the joys I require,
And few are the wishes that rise;
Yet I own I do fondly desire,
The respect of the good and the wise:

Oh! grant me kind heaven but this,
I would not to many be known:
And to fill up my measure of bliss,
I ask the esteem of—but one.
"Trifles light as Air."

A FELLOW who lov'd laughing
better than his meat, put a number of
rams' horns into a basket, and went up
and down the street at the west end of
the town crying, "New fruit, new fruit,
bo," as loud as he could bawl. Lord
G—r hearing the noise, put his head out
of the drawing-room window, and asked
the fellow to show him his fruit,—which
looking at, he asked him if he was not a-
shamed to disturb a quiet neighbourhood
for nothing, "for who the d—l," added
the Peer,—"the devil think ye, will
buy horns!" "Well master," replied
the fellow, "don't you put yourself in a
passion,—though your are provided, I may
meet with some that are not." L. P.

Valuable Lands & Property in North Carolina, Kentucky, & Vir- ginia.

ON the first Monday of April next,
at seven o'clock in the evening,
(if not previously disposed of at private
sale) at the Merchant's Coffeehouse,
in the city of Philadelphia, by order of
the Assignee of M'Calmont & Boys,
will be sold to the highest bidder, all
the right, title and interest which they
had and assigned for the benefit of their
creditors in the Mortgages, Land and
Property following:

A Mortgage dated 8th November,
1799, by John Shaw to John Hamilton,
of one fourth part of a Tract of Land
and Swamp in Camden County, North
Carolina, called "The New Lebanon
estate," containing 24,000 acres
more or less.

A Mortgage dated 8th November,
1799, by John Shaw and Mathias E.
Sawyer to John Hamilton, of one half
of a Tract of Land called "The Old
Lebanon Estate," situate at the head of
the County of Camden in North Caroli-
na.

These two mortgages were given to
secure the payment of a Bond dated 6th
Sept. 1797, in which John Shaw and
others are bound in the penal sum of
16,000 dollars, for the payment of 8,000
dollars, with interest, to John Hamilton,
on or before the 23d of September,
1799; and were assigned by him (that
part of the "Old Lebanon Estate" which
he claims under M. E. Sawyer only ex-
cepted) to Samuel Boys on the 18th A-
pril, 1803, upon his paying to the Mort-
gagee 5690 dollars, 46 cents being the
amount of principal, interest and costs
then due on the Mortgages. This as-
signment was made in pursuance of a
decree of the Court of Equity, in the Dis-
trict of Edenton, and the consideration
money advanced by the Assignee of M.
& B. for the benefit of their creditors,
and by their request.

A Mortgage dated 4th April, 1800,
by John Shaw to M'Calmont and Boys,
of one undivided fourth part of "The
New Lebanon Estate," above described,
and one undivided sixth part of "The
Old Lebanon Estate," containing 7000
acres, more or less.

This mortgage is conditioned for the
payment of a bond, in which John Shaw
and William Shaw are bound for the
payment of 5642l. 10s. Pennsylvania
currency, to George M'Calmont, on or
before the 20th June, 1800, with inter-
est.

These three mortgages (excepting
that part of the Old Lebanon estate
which J. Hamilton claims under M. E.
Sawyer) with the debts secured thereby,
will be sold together. The immense
value of the estates mortgaged, afford-
ing an inexhaustible supply of all kinds
of lumber, and in the neighbourhood of
and partly bounded by the Lebanon Ca-
nal, gives the most ample security for
the mortgage money; and its amount
will probably put it in the power of the
purchaser to become entire owner of the
shares of the estates mortgaged.

A Mortgage dated 8th Sept. 1799
by Robert Camp to George M'Calmont,
of a Tract of Land in Prince William
County, Virginia, on the main run of
Occoquan, for securing the payment of
850 dollars, with interest. This Mort-
gage is duly recorded, &c.

Also all the right and title of SAMUEL
BOYS, and by him assigned for the be-
nefit of his creditors, in the following
valuable Tracts of Land in Kentucky.
